FOREWORD

The forms of the graphic arts change to keep pace with a changing civilization. If the forms in this book are modern, it is not because they want to be different; it is because they do not want to be different.

In recording the persons and events of a school year, we have endeavored not only to make a catalogue but to provide through the words and pictures that follow an answer to the question—What is a Christian School?

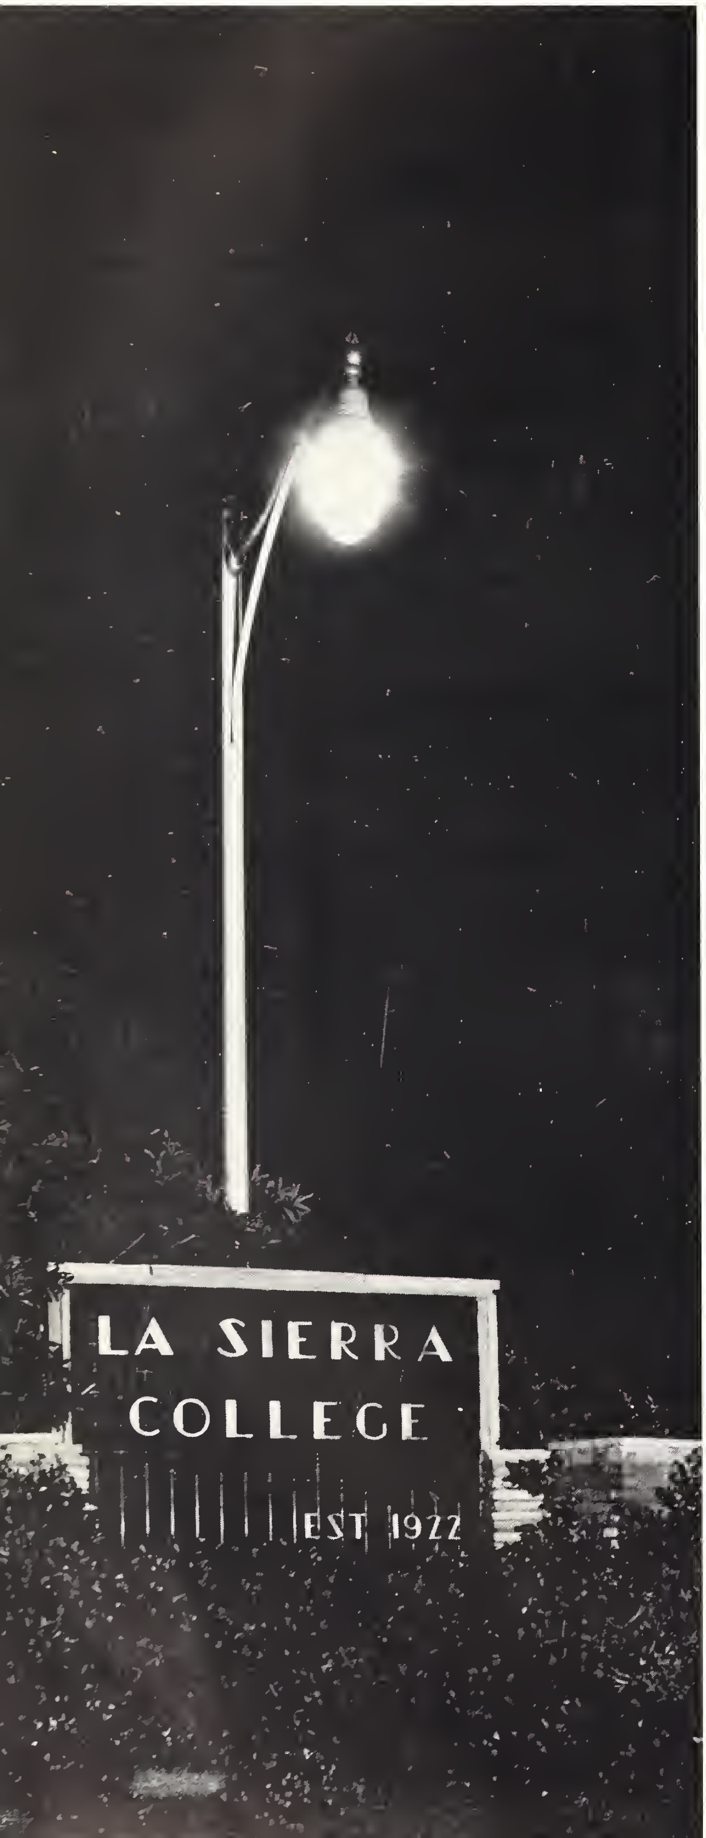
WHAT IS A



A
Christian
school is not
made Christian by
the name over the door,
neither by any single thing
within it. It is a whole of which
there are many parts, and that whole is
much greater than the sum of the parts.
What then are the building blocks of an
institution that bears the standard of
Christianity? Students, teachers, activity—they are all parts. Perhaps by
looking we can catch a glimpse of the whole.

A CHRISTIAN SCHOOL

MUST HAVE CHRISTIAN TEACHERS COMMITTED TO THE DISTINCTIVE
PRINCIPLES OF CHRISTIAN EDUCATION . . .

NORVAL F. PEASE, M.A., B.D.
President of La Sierra College

The METEOR staff deserves commendation for choosing "Christian Education" as the theme of this publication. It is important that we maintain a clear understanding of the philosophy of education that gives Christ the place He deserves. At L.S.C. there must be no conflict between the spirit of Christianity and school spirit.

We must remember that the spirit of the Master Teacher can permeate a school only to the extent that we permit. Both Christian educators and Christian students are essential to Christian education. Slogans, resolutions, theories are not enough. A school is made up of people, and the spirit of a school is a mosaic in which the attitude of each individual constitutes a significant part.

The greatest asset of L.S.C. is not its property, buildings, or equipment. It is rather, the group of sincere Christian students who are preparing for something more lasting than a diploma and more satisfying than a mere job. May God bless each of you as you continue your training for Christian life and service.

THOMAS A. LITTLE, Ph.D., Academic Dean

La Sierra College is dedicated to a program of making Christian principles dominant in liberal arts education and in practical or preprofessional training. Such education is what the world desperately needs in these anxious hours. Students who know God, the history of His dealings with men, and the supreme revelation of His love are equipped to use their knowledge and skills in ways that will genuinely help their fellow men. For this reason, a consecrated people support the college; for this reason, the students and teachers join in ultimate dedication.

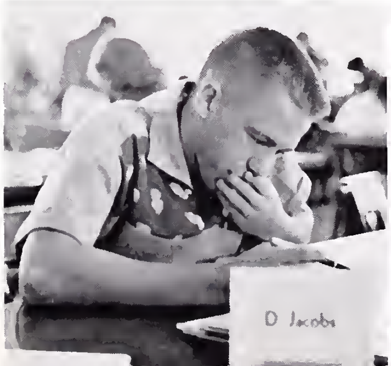
REGISTRATION

A day of confusion,
of long lines and emptied pocketbooks.
To the freshman it's a fearful time
of orientation into a new role.
The bulletin becomes a magic lamp . . .
"What should I take?"
The indecision . . .
the deliberation . . .
the choice.
To the upperclassman it's a bother!



LIBRARY

The library houses the words of men . . .
ours to read, to study, to learn.

Outside reading,

ASSOCIATED STUDENT BODY

As you are perusing these pages, the La Sierra scene 1955-56 will be almost all history and memories. The Associated Student Body has endeavored to make life upon the campus pleasanter through its social events and publications, to promote spiritual growth, and to increase the mutual understanding between students and faculty. This year we felt the excitement of such events as the "Moonbeam Ramble," the Colonial Banquet, and the Spring Talent Festival. We noted the quiet and unpretentious spirit throughout the Student Week Devotion. The student and faculty religious and social activities committees were able to develop greater unity through closer integration. Through all we have cherished our inquisitive and broadening spirit. We trust that your memories of the LCS scene will be that much pleasanter through your participation in the Association.

AFTERWORD

The story of a Christian School
does not end here.
It lives on in the lives
of the men and women
who have left the classrooms,
the dormitories, and the school activities
to take their chosen place in life.
"By their fruits ye shall know them."

YOU HAVE A CHOICE AT PUC:

10 specific two-year courses of immediate training

14 four-year curricula leading to the B.S. degree

15 four-year curricula leading to the B.A. degree

And when you choose PUC for its wider range of training, you are also choosing a location "Where nature and revelation unite in education."

YOUR CHRISTIAN SERVICE—

Many La Sierra College graduates of the past have entered Christian service in their churches. If you are graduating soon and aspire to serve as a minister, teacher, literature evangelist, secretary, bookkeeper, or nurse remember Southern as you plan your future.

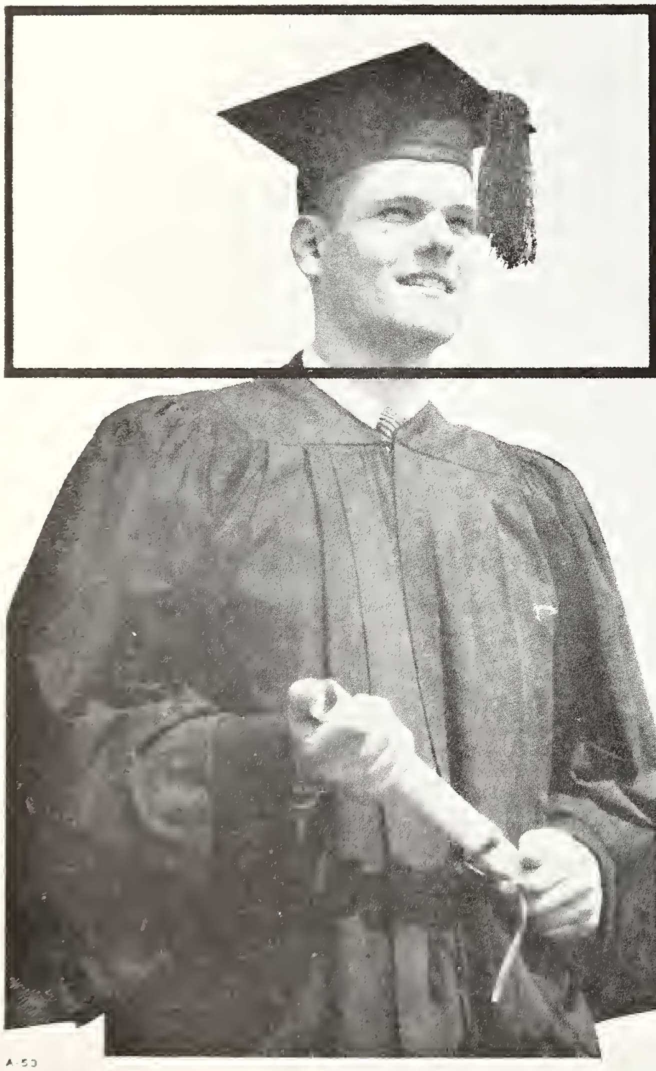
McGRATH-OLSON

"What does the future hold for me?"

Don't wait until you graduate.
Start planning *your* future right now—
and when college days are over
there will be a place for you.

There is a place in industry where the knowledge, training, ability and characters of Christian young men and women will enable them to preach sermons every day—in deeds—if not in words. You will find as much opportunity to share your faith, to live your religion, and to enjoy financial success and independence, in industry as in any other field of endeavor.



Why not consider a future with one of America's leading industries who is seeking the skill and ability you possess. The Ace Drill Bushing Co., Inc., can use you if you are prepared. ACE business counselors will gladly assist you in planning a future that will be both profitable and satisfying. For information, write or contact Personnel Mgr.

Class of 1956

Your progress in life is in direct proportion to the knowledge you have acquired and to the degree of effort you put forth in using that knowledge. Opportunities do not just happen; they are created by you as you make your service indispensable to your employer. A complete education will prepare you to give your best in life. You will thereby insure your future success and happiness.

The last picture is taken, the last copy is written, the book is finished. If we have served the needs, stimulated the interest, and found the approval of the student body of this college, our aim has been reached.

I want to express my sincere appreciation and thanks to the staff who worked hard to make a good yearbook. This annual is an evidence of their fine creative talent, their dependability, and their cooperation. As long as students like these reflect a strong loyal spirit to this college, La Sierra will continue to be a friendly college where progress is tradition.
